

# CODE REFINERY

## WHO IS IT FOR

If you are writing code that is used in research, then this workshop is for you!

## FORMAT

Interactive 6 half-day event. We meet at above mentioned location to watch the stream and do exercises together (support available).

## GOALS

Get familiar with good enough research software development tools and practices (git (and GitHub), Jupyter, reproducible environments, CI, testing, containers, ...).

## FURTHER INFO

This workshop is **free of charge**, but **please register!**
